## Guidance for Authors

### Submitting articles

Articles in the *Huguenot Society Journal* should not exceed 6000 words, including footnotes. Please send copy to: [editor@huguenotsociety.org.uk](mailto:editor@huguenotsociety.org.uk) by Word attachment. Text, in Times New Roman 12, should be left unjustified but otherwise completely ready for the printer, and follow the formatting guidelines below. Authors are asked to consult the Society's publications in order to check previously published material on the subject. They should provide a short abstract and a very brief autobiographical note, stating current academic post and most recent publication if appropriate, and giving postal and e-mail addresses.

Style follows New Hart's Rules, e.g. 'naturalize', not 'naturalise', as detailed in *The University of Oxford Style Guide* (2014).

Authors wishing to reproduce images must obtain written evidence of permission from the copyright holder and will be liable for any fee that may be charged.

### Formatting guidance for Authors

Articles should be headed with a title (with minimal capitalization), followed on the next line by the author's name in small capitals preceded by 'BY', both centred, e.g.

#### Huguenot property in Ireland

BY MARIE LÉOUTRE

In the case of book reviews, the reviewer's name should be placed on the right at the foot of the text, in small capitals, with his/her academic institution or geographical location, below it in italics, e.g.

VIVIENNE LARMINIE  
*History of Parliament Trust*

The following points should be noted:

1. **Numbers and dates** (a) Numbers up to and including ten should be in words not figures, similarly ordinals (second, tenth, 25th).  
(b) Sequenced and hyphenated numbers up to and including 99 should be given in full, e.g. 16-99, 94-99. For 100 and upwards use the smallest number of figures compatible with clarity, e.g. pp. 443-5 (not 443-445 or 443-45), but 110-19, 412-16 (not 110-9 or 412-6).

- (c) In dates: 1897-8 (not 1897-98), 1901-10, 1837-1901, and for a precise date: 1 May 1918, without punctuation. Decades should be: the 1760s, the 1700s.
- (d) Per cent should be written (e.g. 1.5 per cent) and not with % except in tables.

## 2. Words

- (a) Abbreviate the following without full points: Mr, Mrs, M, Mme, Mlle, Dr, Revd; with full points Prof., Rev., Maj., Gen., pp., vol.
- (b) Upper and lower case: (i) Capitalize denominational terms, e.g. Protestant, Catholic, Quaker. (ii) Capitalize all titles, e.g. the King of England, Archbishop Laud, le Duc de Soubise, Cardinal Richelieu. (iii) Use lower case for north, south, east, west, unless part of a proper name, e.g. north-east England but North Dakota. Such proper names should not include hyphens, e.g. the North West Frontier.
- (c) Italicize words and phrases not in English (unless in common usage), as well as names of ships and titles of published books and journals.

## 3. Quotations

Quoted passages should follow original text exactly. Short quotations should be enclosed in single quotation marks and quotations within a quotation between double quotation marks. Insertions by the author to be within square brackets, e.g. ‘Wagner ... said of this tune [“Rule Britannia”] that the first eight notes expressed the whole character of the British people.’

Quoted passages in excess of 25 words should start on a new line and be indented from the margin without the use of quotation marks.

## 4. Translations

Material from sources in French should be quoted in French as well as in English translation, which should follow the French and be placed inside square brackets.

## 5. Footnotes, to be limited to source references and numbered in Arabic figures:

- a. Citation of books: (i) Name of author, preceded by initials with full points, followed by a comma. (ii) Title in italics, with all significant words capitalized. Long titles of books may be shortened in the first instance by the use of three full points; in future references an abbreviated form may be used, e.g. Alfred B.
