

Huguenot Wills and Administrations in England and Ireland 1617 – 1849

Compiled by Henry Wagner FSA

Edited by Mrs Dorothy North

These abstracts of Huguenot wills and administrations were compiled by Henry Wagner (1840 – 1926) who devoted a large part of his life to genealogical research. Much of his work was concerned with British Huguenot families and Wagner himself was a Director of the French Hospital, a Fellow of the Society of Antiquaries, and a founding Fellow of the Huguenot Society in 1885.

Henry Wagner's abstracts, now in the Huguenot Library, have been faithfully transcribed by Mrs Dorothy North to form a new publication in the Huguenot Society's Quarto Series. The material has been divided into three sections – English Wills, Irish Wills, and Administrations – and contains in excess of 5,000 entries. Many of these offer a wealth of information regarding individual bequests and the occupation and interests of testators. They also have much to say about family members and others, including their mutual relations, and provide a graphic insight into the life and hardships of the times.

This volume will be of significant interest to family historians in general and an extremely useful source of information to anyone researching Huguenot ancestry.
